Outcomes of Board Workshop

Historical Context	Evolution of JDAI	Goals of YJT	County Wide Alignment
Establish a deeper understanding of the history of Juvenile detention reform in Ramsey County and early efforts to support system-impacted youth.	Provide an overview of the transformation of JDAI to Deep-end transformation to expanding the scope of work to include prevention, intervention and transitional support for system-involved youth.	High level overview of the goals of YJT and current projects/initiatives that center well-being, prevention, and restoration for system-involved youth.	Articulate how the goals of YJT align with the County-wide strategic priorities.

History of Juvenile Detention Alternatives Initiative(JDAI) in Ramsey County

Youth Justice Challenges in Ramsey County

Double-bunking/Overcrowding

Community Concerns around disparities (DMC)

2800-3500 annual admissions

Lack of detention assessment tools

Detention for status offenses

In 2005, prior to adopting the framework of Juvenile Detention Alternatives Initiative (JDAI), Ramsey County Juvenile Detention Center (JDC) detained all youth engaging in delinquency and annual admissions consistently exceeded 2,000.

Intervention from Ramsey County Board of Commissioners

Under the leadership of Commissioner Carter, community leaders, and Ramsey County Board of Commissioners, Ramsey County adopted the JDAI national framework from the Annie E. Casey Foundation.

The background of the slide is a photograph of a historic, multi-story brick building. The building features arched windows and doorways, some with decorative stone or brickwork. Large, leafy green trees are in the foreground and to the right, partially obscuring the building. A paved sidewalk runs along the base of the building. The overall scene is bright and sunny.

Introduction of Youth Justice Transformation (2020)

Ramsey County

Youth Justice Transformation

Vision

A vibrant community where all are valued and thrive.

Mission

Ramsey County will operate a fair, effective, and equitable youth justice system. Ramsey County Youth Justice Transformation promotes public wellbeing, positive youth development, and the elimination of racial and ethnic disparities by ensuring the use of effective alternatives to detention and out-of-home placement are available and utilized in Ramsey County.

Nine Core Strategies of Youth Justice Transformation

1. Collaboration.
2. Reliance on Data.
3. Eliminating disparities.
4. Detention Screening.
5. Detention Alternatives/Placements.
6. Probation Violations and Warrant Cases.
7. Case Processing (Detention Length of stay).
8. Confinement Conditions.
9. Community Engagement.

Youth Justice Transformation (YJT) Goals

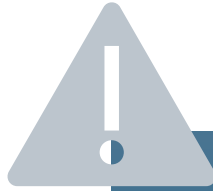

- ❖ Reduce secure placements and create supportive, healing environments for youth and families.
- ❖ Expand healing homes and violence prevention programs.
- ❖ Prioritize community-based, culturally responsive alternatives to detention.
- ❖ Address root causes of youth justice involvement.
- ❖ Emphasize holistic, equity-driven, restorative practices.
- ❖ Foster cross-sector collaboration.
