!	Modernize state human services systems to better serve residents and reduce counties’ administrative burden.
!	Preserve or increase formula-based transportation funding for Ramsey County.
	Increase access to secure mental health treatment options in the East Metro to better address residents’ complex behavioral health needs.
	Allow local governments to restrict guns on properties they own , especially buildings.
	Allow a portion of state housing and homelessness funds to be used for administrative costs.

	Address racial disparities in healthcare quality, access and outcomes, especially those likely to result from recent federal legislative changes that will cause residents to lose access to healthcare.
