# **Purchasing and Contracting Transformation (PACT)**

## What is this priority?

- Commitment to address systemic and institutional racism that have created barriers to workforce participation, family sustaining wages and affordable housing by cultivating economic prosperity and investing in neighborhoods that have historically experienced wealth extraction.
- Imperative for Ramsey County work with community to eliminate the racial and ethnic wealth gap and create new prosperity that can be passed down to future generations.
- Build on work of the [Economic Competitiveness and Inclusion Plan](#).

# PACT

- PACT is collaborative transformation or reimagining of Procurement's structure, roles/responsibilities, policies, processes, and procedures.
- Focused on Building Intergenerational Wealth in Our Community.
- PACT is built on the following six values:
  1. Transformational
  2. Relational
  3. Equitable
  4. User Friendly
  5. Efficient
  6. Transparent

# PACT Pilots

- Working on Professional Services, Expenditure Grant and Single Source Pilots.
- New Processes, Procedures, Policies, Tools and Document Templates.
- Begin early November.
- Collaborative work focused on building wealth in our community.

- **Community**
- **Contractors**
- **Business Partners**

- **Internal Stakeholders**
- **Purchasing & Contracting Coordination Team**
- **Purchasing & Contracting Management Team**
- **Contract Administration Team**
- **County Attorney's Office**

# Aligning PACT and Intergenerational Prosperity

- Disparity Study.
- Checking CERT first.
- Quick Hits – making it easier to do business with Ramsey County.
- PIE - Unravels how structural racism was established and currently lives in government purchasing and contracting.
- Measuring our success – 3-year procurement based portfolios, decreasing time, asking for input.
- Single Source Update.

2. Most frequently implemented standards in each index category.
3. Promising practices and case studies from index participants and national leaders.

# GroundBreak Coalition

# What is the GroundBreak Coalition?

- [GroundBreak Coalition](#) is a group of over 40 corporate, civic, and philanthropic leaders committed to demonstrating that with enough resources, a racially equitable and carbon-neutral future is possible now – first in Minneapolis-St. Paul and then across the country.

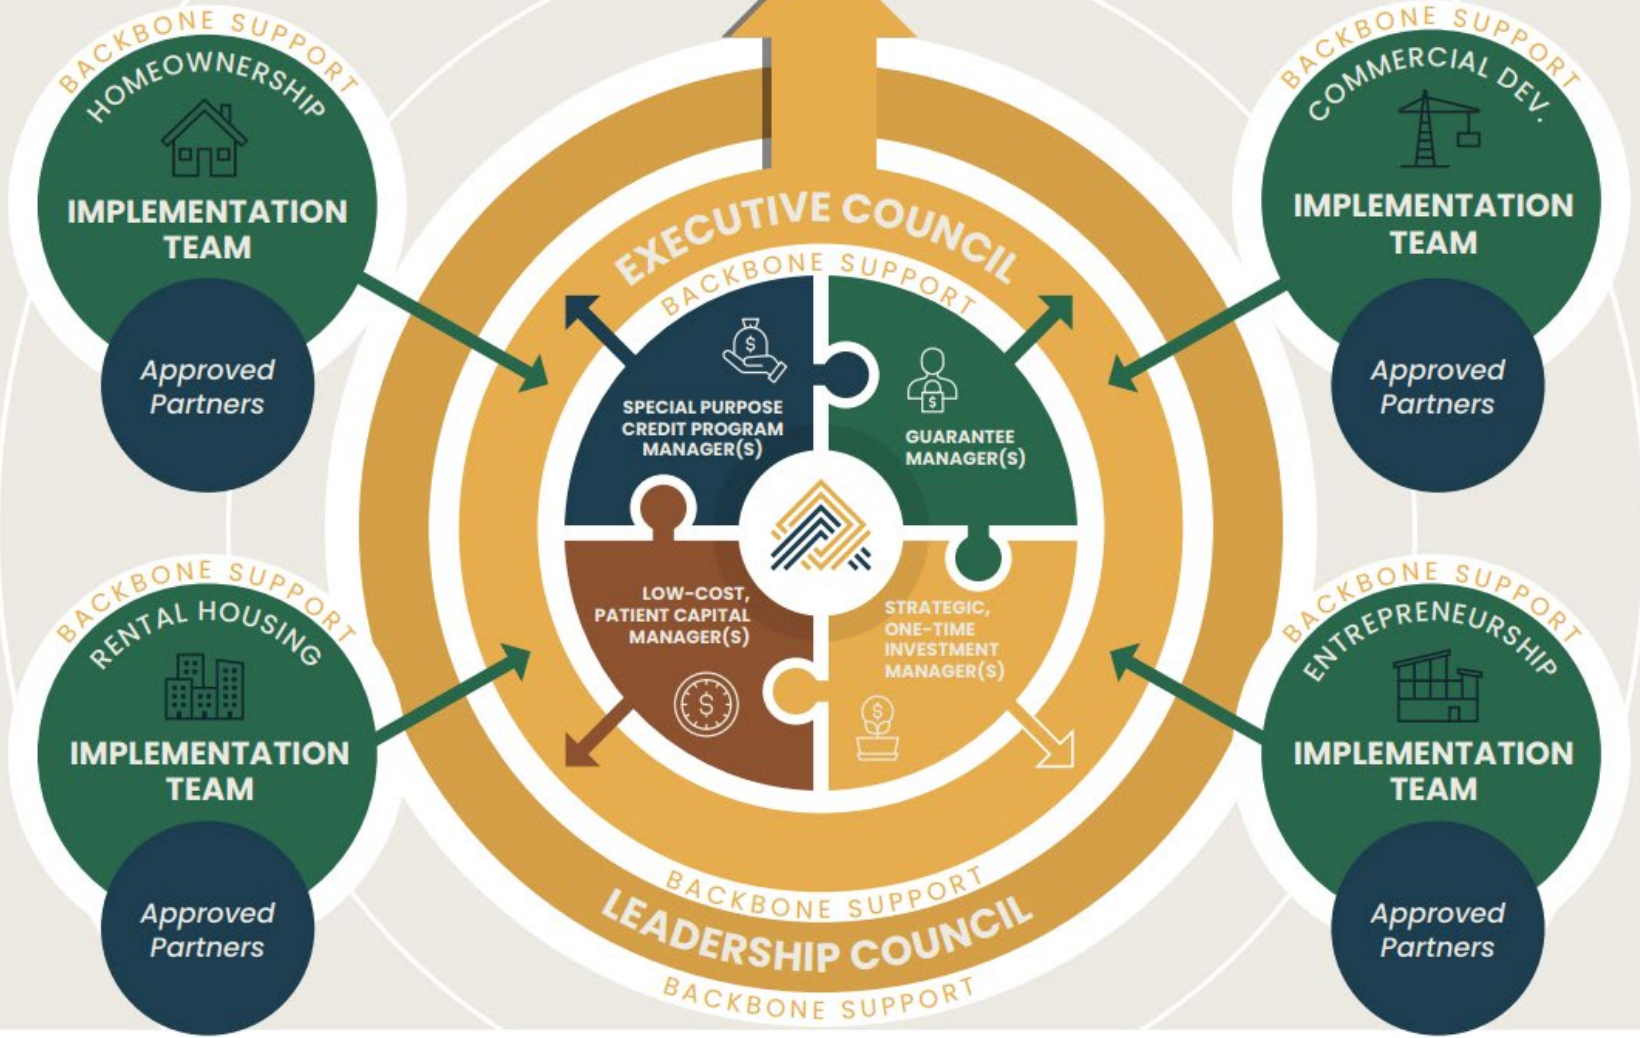

## Capital is intended to be deployed in four areas:

- Homeownership
- Rental Housing
- Commercial Development
- BIPOC Entrepreneurship

## GroundBreak Next Steps

- GroundBreak is asking for financial commitments to help Black wealth builders gain access to flexible/low to no risk capital across the four areas of intergenerational prosperity.
- Public Sector entities such as Ramsey County may consider a diverse array of commitments to the coalition to include staff time, land, flexible funding, and/or "matches" to the Coalition.
- Many unknowns remain including, Executive Council Representatives (who act as the Board with fiduciary responsibility), as well as the fiscal agent for the coalition.
- Ramsey County leadership and staff remain committed to this coalition and the mission to align capital across these key areas.

# Employment Resource Events

# Intentionality, Coordination and Alignment

## Without Coordination

Young people feel a deep sense of alienation and disconnection from the community

Workforce system is complex and constantly changing making it difficult to know current resources

Program difficulty connecting to opportunity youth and young people.

OR

## With Coordination

Young people have agency to determine interests and programs

Ability to direct young people to timely and proven workforce programs and supports

Families and young people most in need of resources can find them.

# American Indian Hub

# What is the Economic Mobility Hub for American Indians?

- The Economic Mobility Hub for American Indians (the Hub) is a new initiative sponsored through the Interfaith Action's Department of Indian Work (DIW) and the Montessori American Indian Childcare Center (the Montessori)

# What is the Economic Mobility Hub?

---

- A community-wide effort to create **economic opportunity** and **systems change** for the benefit American Indian families who are living in poverty in the East Metro
- **Culturally responsive resources and services, using an Integrated Services Delivery Network** approach developed by MDC in Greensboro, NC, that is proven to create stability and economic mobility through support in 4 key areas:
  - Health, work, and income supports
  - Career training and education
  - Financial management and intergenerational wealth building
  - Cultural connections and community support
- A **shared data system**
- **Family-centered coaching**, using our 7 Generations Family Plan and a consistent approach so that, from a family's perspective, there is "no wrong door"
- Building **Oyate Ota**, a shared community campus, where community can come to get services, build relationships, and connect with cultural traditions and activities

## Work to-date

- The Hub has been serving 42 American Indian families in Ramsey County with the goal of supporting 50 families for a demonstration project.
- 26 of the families are participating in a Guaranteed Basic Income pilot.
- All families are receiving family-centered, wraparound support through family coaching.
- Families also receive benefits coaching, financial wellness programming, and elder adviser/community support.
- Referral partners support Hub families in employment training, financial management, wealth building – focusing on the family's goals.
- Families also have access to stabilization and incentive funds.

# Ramsey County Support for the Hub

- Systems navigation and program linkages.
- Systems change – addressing systemic barriers such as the benefits cliff and barriers to employment.
  - Working with the City of Saint Paul and HealthPartners in addition to Ramsey County.
- Application and partnership for outside resources and supports – including recent Urban Institute’s Mobility Action Learning Network opportunity.
- Funding one family coach and a part-time outreach position plus family stabilization funds.

# Family Coaching Model

- Started through Equity Action Circle recommendation.
- County provides training from The Prosperity Agenda.
- Family coaches provide:
  - Access to resources, education, coaching, and follow-up support to assist families in acquiring skills and increasing community capital necessary for gaining gradual independence from public services.
- Support community agencies/organizations already operating and have a history of trusted relationships with community residents and know how to assist families in connecting resources to meet their needs in a culturally responsive manner.
- Honor community wisdom, family agency, and investing in the social capital needed to comprehensively address families' needs.
- Collaborate with Ramsey County Navigators and Financial Workers, as they are knowledgeable of the County and how to navigate the system.

# Ramsey County Hub Investment

- Extend the family coaching support with additional resources (\$100,000) to continue the work that has been happening within the Hub for family coach and outreach worker staff as well as family stabilization funds.
- County will also be making an investment through our Public Pathways funding to create a Native American Fellowship position to work on internal County systems changes efforts in partnership with the Hub to deepen the impact of the strategic priority funding.
