- Address racial disparities in health care access, quality and outcomes.
- Enhance Medicaid asthma services for children and their families by providing home assessment, allergen-reducing equipment and parental education.
- Increase METS funding to develop needed technological improvements that help county financial aid workers address eligibility updates, increased demands for services and the addition of state-mandated data matching activities.

MENTAL HEALTH

- Develop additional community-based mental health placement options and services to shorten stays in state facilities and reduce costs after inpatient care is no longer necessary.
- Support legislation to address the comprehensive mental and behavioral health needs of the community, foster coordination, and ensure parity in services across populations.

EQUAL RIGHTS AMENDMENT

- Support the ratification of the ERA to bolster pay equity, domestic violence laws and pregnancy discrimination protections, among other equity goals.

CRIMINAL JUSTICE REFORMS

- Support POCI Caucus legislation that further reform the investigation and prosecution of officer-involved deaths and wrongful actions; increases police accountability and transparency; raises standards of conduct and supports officer excellence; partners officers with the communities they serve; repairs and builds community trust and enhances community-centered public safety.

COVID-19 RESPONSE SUPPORT

- Support funding resources directed to COVID-19 response, including, but not limited to, community education and outreach, case investigation and contact tracing, testing, delivery of essential services, and distribution of a COVID-19 vaccine when it is available.

Residents First

Ramsey County supports improvements in service delivery and facilities, with an emphasis on engaging residents and employees, process efficiency, innovative technology and accessibility.

DATA PRACTICE AND PRIVACY REFORMS

- Maintain flexibility in local governments' data retention schedules and reporting requirements to avoid overwhelming local technical capabilities.
- Consider local costs and improved public access when considering data practice updates.
- Address the use of intentionally disruptive and expensive data requests that provide little or no public benefit.

HUMAN SERVICES PROGRAM IMPROVEMENTS

- Hold counties harmless for DHS overpayment of approximately \$9M in Medicaid funds for chemical health services.

- Support a health care eligibility system that serves as a sustainable platform for performing health care functions and fully integrates with other health and human services technology systems.

FUNDING FOR LIBRARIES AND PARKS

- Increase Regional Library Basic System Support to \$17M to enhance free access to online digital resources and database services for Ramsey County residents.
- Support library construction and remodeling grants to help fund safety and construction and renovations at the Ramsey County libraries.
- Maintain Arts & Cultural Heritage Legacy funding for regional public library systems to support arts, arts education, and arts access, and to preserve Minnesota's history and cultural heritage.
- Ensure that the Ramsey County park system receives a fair share of revenues from Clean Water, Land and Legacy Amendment funding, and LCCMR funding or other environmental stewardship grants.

A Holistic Approach to Strengthening Families

Ramsey County supports listening to families' needs, understanding needs and providing non-traditional services and opportunities that promote wellbeing for infants, children, youth and their families.

AFRICAN AMERICAN FAMILY PRESERVATION ACT

- Support AAFPA legislation encouraging county case management and support services to accommodate cultural differences, address challenges and build on strengths to remedy the disproportionate placements of children of color into foster care and other out-of-home displacements.

FAMILIES FIRST

- Support Families First legislation allowing states and counties to use federal Title IV-E funds to focus child protection efforts on engaging families, building support networks and providing culturally informed services that help avoid compounding the trauma out-of-home displacements often cause.

COURT-APPOINTED COUNSEL FOR CHIPS CASES

- Require judges to appoint counsel to all parents and caretakers involved in child protection cases to enhance the rights and stability of at-risk families during court proceedings.

CHILD CARE REFORMS

- Support child care licensing practice improvements to simplify rules and promote improved relations between providers and regulators.
- Implement refinements to training, county liability insurance and other requirements to foster best practices in all childcare settings.
- Support state compliance with the Federal Child Care Block Grant Act of 2014 to prevent the loss of federal funding and support additional state investments in child care infrastructure.
- Maximize the use of all available child care subsidy funds through strategic waitlist changes that allow more families who have not used MFIP to access essential work-related support.

CHILD SUPPORT REFORMS

- Align language with the law's legislative intent related to one-parent support when a child is not living with either parent.
- Update child support guidelines to address inequities that require parents with lower incomes to pay higher percentages of their earnings.
- Stop charging interest on past-due child support to keep paying parents from going deeper in debt and allow all payments to go directly to support the child.
- Allow discretion in reporting arrears to the Credit Bureau to prevent negative credit ratings from adding to families' financial challenges.
- Provide flexibility in collecting child support and other cost-of-care funds when a child is in foster care to reduce financial instability for families in crisis and decrease collection costs.

Economic Competitiveness and Inclusion

Ramsey County supports strategies that advance economic competitiveness and inclusiveness by creating greater prosperity and opportunity for all.

STATE-LOCAL FISCAL PARTNERSHIP

- Maintain County Program Aid (CPA) with indexing funding and increasing the base appropriation after the COVID-19 economic recovery.
- Consider a 2021 omnibus bonding bill that addresses the backlog of the state's growing public infrastructure needs.

REGIONAL WORKFORCE INVESTMENTS

- Support efforts to align local, regional and statewide investments for workforce development programs to ensure the unique needs of businesses are met while supporting job seekers with career pathways needed to obtain family sustaining wage and benefits.
- Address existing economic, racial and gender disparities, especially among Black, Indigenous and People of Color communities, by coupling training and education with equity efforts in housing, transportation, child care and other stabilizing factors.
- Dedicate sufficient, ongoing state funding to provide workforce programming targeted to those who are unemployed, under-employed or under-represented in the workforce as a means to reduce disparities and to promote a diverse and inclusive workforce.

FLEXIBILITY FOR SNAP EMPLOYMENT AND TRAINING PROGRAMS

- Make participation in SNAP Education and Training Programs voluntary so that local programs can strategically match these vital support services to specific participants.

TRANSPORTATION AND TRANSIT FUNDING

- Support statewide transportation funding that adequately invests in the long-term sustainability of local communities and addresses deferred basic maintenance, safety concerns, mounting congestion and missed economic growth opportunities for businesses and commuters.
- Amend the Motor Vehicle Leased Sales Tax to include Ramsey and Hennepin counties as recipients so revenues can be spent in the metro-area counties where most funds are collected.
- Invest in MnDOT's Local Bridge Replacement and Local Road Improvement Programs to fund the replacement, rehabilitation or removal of deficient bridges on the local road systems and for the construction or reconstruction of local roads.
- Support the UP Railroad/BNSF Railway Grade Separation project adjacent to Westminster Junction to the east of downtown Saint Paul, which has been identified as a critical junction for addressing regional rail line congestion.

RIVERSEEDGE

- Riversedge is an innovative public-private project revitalizing the historic riverfront and expanding public access to the Mississippi River. Ramsey County seeks \$40 million in the state's bonding bill for design and construction of a land bridge extension of public realm space over Shepard Road and the adjacent railway extending downtown Saint Paul directly to the river and doubling the usable area of the site.

Justice System Outcomes

Ramsey County supports policies that align justice system transformation with state and community values.

CIVIL COMMITMENT AND COMPETENCY REFORMS

- Make civil commitment statute more responsive to defendants experiencing mental illness and provide funding for competency restoration to ensure those who are not civilly committed are referred to mental health services and those who are can transfer to state facilities in a timely manner.

PROBATION REFORMS

- Cap probation lengths to five years or similar outcome-based time limits to address racial disparities and give offenders the best shot at positive community and family involvement while improving public safety and saving taxpayer dollars.

EXTENSION OF POST-CONVICTION RELIEF

- Extend the current two-year post-conviction relief time limit for immigrants who face deportation proceedings or are otherwise unable to apply for immigration benefits due to improper, defective or outdated misdemeanor convictions.

FELON VOTING RIGHTS

- Clarify the reestablishment of voting rights for felons who have served their time and are not living, working and paying taxes in their home communities so they do not have to complete extensive probationary periods before they are able to vote.

GUN SAFETY

- Support mandated background checks for all firearm purchases to reduce firearm-related crime.
- Provide a legal means for families and others to initiate the temporary seizure of firearms from an individual who is exhibiting erratic and violent behavior.

UNIFORM COLLATERAL CONSEQUENCES OF CONVICTION ACT

- Support legislation that gives those who have become permanently or temporarily ineligible for some licenses, employment or housing a means to apply for a restoration of their rights and notifies individuals when they are criminally charged, and again when they are sentenced and released, about the sanctions that apply to them.

FINES & FEES

- Increase flexibility to waive fines and fees charged in the criminal justice system. Remove the requirement to suspend drivers' licenses for failure to pay.

CASH BAIL REFORM

- Eliminate harm to community caused by the cash bail system by allowing the use of a risk assessment tool to release individuals back into the community if they are determined not to be a risk to society.

AUTOMATIC EXPUNGEMENTS

- Centralize and automate the process of sealing criminal records for low-level felonies and lesser crimes after the waiting periods in the expungement statute. Criminal records and the collateral consequences that follow long after people have fulfilled their obligations to the justice system serve as barriers to jobs, housing, education and more, preventing people from serving as productive members of our community.

PROSECUTOR-INITIATED RESENTENCING

- Enable prosecutors to initiate a motion to the court to reduce a person's sentence based upon their success in programming, abiding by conditions of supervised release, furthering their rehabilitation, and/or other factors that have subsequently reduced the person's risk for recidivism or indicate that a sentence reduction is in the interest of justice.

EXTENDED JUVENILE JURISDICTION (EJJ)

- Support legislation requiring the Department of Corrections and probation offices to collect and report statistics related to the number of individuals designated EJJ, the demographics of those individuals, and the outcomes of individuals designated EJJ.

Housing Stability

Ramsey County supports programs that provide access to safe, healthy, stable and accessible housing options for all residents.

AFFORDABLE AND STABLE HOUSING

- Increasing public funds and attention to the preparation of homeowners and the production and preservation of affordable ownership housing.
- Advancing policy and practice reforms that reduce barriers to affordable homeownership, such as reducing the cost of production.
- Increase funding for affordable housing and housing programs focused on specific populations in need of additional assistance, including those experiencing mental illness, or other disabilities, individuals with criminal records, large families, veterans and those who are homeless.
- Create a dedicated fund for the development of affordable housing that enrolls private investors into the production of affordable housing to benefit local businesses, creates jobs and contributes to the overall growth of the economy.
- Expand Housing Support Demonstration capacity to include all seven metro-area counties to increase access to Housing Support for traditional rental assistance and support services for people experiencing homelessness.

FEDERAL IDENTIFICATION NUMBERS FOR HOMESTEAD APPLICATIONS

- Allow use of FINs in lieu of Social Security numbers on homestead classification applications to expand access to Minnesota's Property Tax Homestead Credit Refund.

INTEREST RATES ON TAX-FORFEITED PROPERTY

- Allow flexible interest rates on contracts for deed on tax-forfeited properties to reduce barriers for low-income families interested in purchasing or repurchasing these properties and provide a low-barrier pathway to homeownership for those with more modest incomes.

EVICITION PROTECTIONS

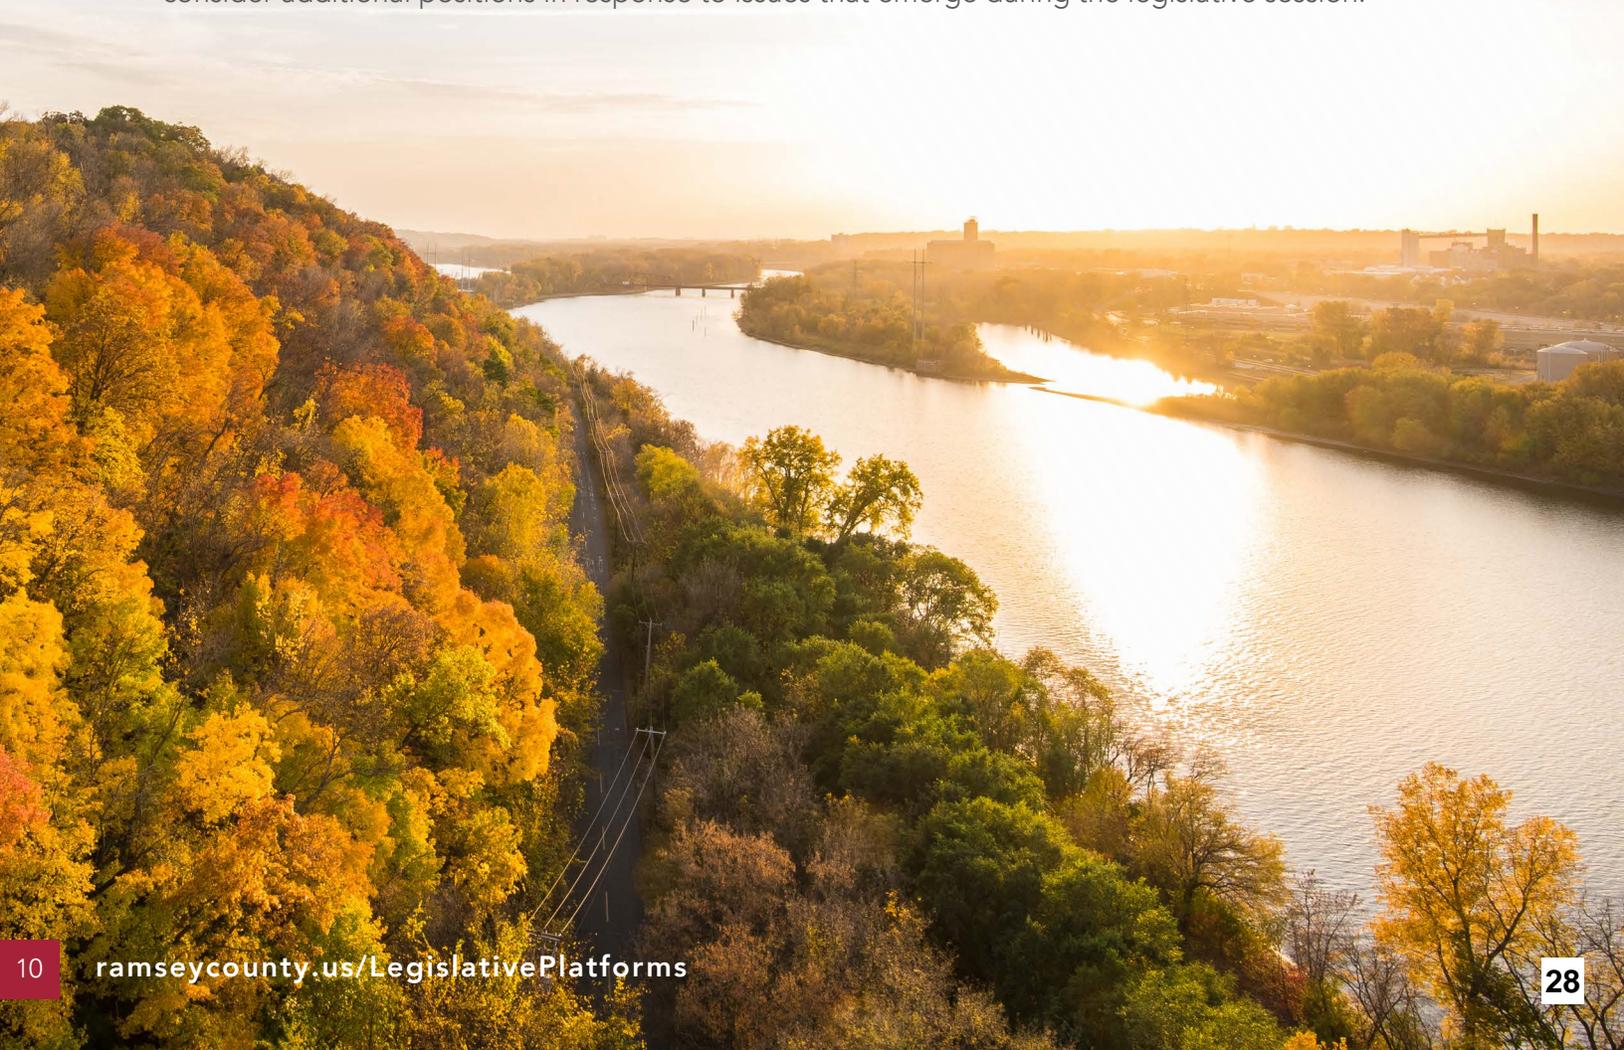

- Ramsey County supports creating a right to counsel for tenants in cases brought by landlords alleging breach of lease in public housing evictions, which tend to raise more complicated issues that are harder for tenants to address without a lawyer's help. Providing for legal representation will improve outcomes for tenants facing eviction and level the playing field for our most vulnerable residents as the landlord is always represented by an attorney paid for by Public Housing Authority funds.

RAMSEY COUNTY **SUPPORT OF OTHER POSITIONS**

In addition to the initiatives contained in this platform, the Ramsey County Board of Commissioners generally supports the legislative recommendations of the local units of government within the county and organizations in which it holds membership, including, but not limited to:

- Association of Minnesota Counties (AMC) and its associated professional organizations, including:
 - Local Public Health Association of MN (LPHA).

The county board may choose to take a different position on individual items within the platforms of these and other organizations whose platforms they generally support. The county board may also consider additional positions in response to issues that emerge during the legislative session.

LEGISLATIVE GUIDING PRINCIPLES

These legislative guiding principles provide a foundation for the specific initiatives and support items that are included in the 2021 Federal Legislative Platform. In a field as dynamic as the legislative session, these basic tenets inform Ramsey County's response to legislative proposals as they are introduced and move through the process.

RESIDENTS-FIRST FOCUS

- Prioritize support for legislative proposals that clearly improve how government works with and serves Ramsey County residents.
- Evaluate the impact of legislative proposals on residents and provide opportunities for affected communities to publicly discuss and influence legislation.

RESPONSIBLE, RESPONSIVE GOVERNMENT

- Communicate openly with the public and operate transparently.
- Observe good data practices to protect individual privacy and provide access to public data.
- Equalize access to government resources, opportunity and services across all communities.
- Respond proactively to address the needs of vulnerable children and adults and at-risk families who are experiencing instability and difficulty in meeting basic needs.
- Tend to ongoing maintenance and planning for future infrastructure needs.
- Advance information/data technology and ongoing updates that support program integrity and efficient service delivery.
- Increase citizen access to the polls and voter participation.
- Engage in good stewardship of natural resources.

FEDERAL PLATFORM **PRIORITIES**

- ✓ Fund Ramsey County's COVID response and recovery needs.
- ✓ Improving mental and behavioral health systems and supports.
- ✓ Investing in housing stability – affordability and homelessness.
- ✓ Support Ramsey County transportation and infrastructure needs.

RESPONSIBLE, RESPONSIVE GOVERNMENT *Cont.*

- Encourage inter-governmental collaboration built on the goals of improving performance, increasing efficiencies and building trust across programs, governmental agencies and communities.
- Support local authority to define local priorities.

STABLE, SUFFICIENT, FLEXIBLE FUNDING

- Allocate adequate state funding to counties to carry out state mandates.
- Distribute funding equitably, based on fair and practical distribution formulas.
- Acknowledge county costs for existing or new state mandates.
- Support county innovations in the delivery of mandated service when efficiencies can be gained.
- Respect local government control of their resources and budgetary processes.
- Expend funds for the purposes for which they are collected or allocated.

PRACTICE-BASED POLICY

- Invest in practice-based policies that include ongoing assessment and adjustments to improve effectiveness of services and to save tax dollars.
- Emphasize prevention and early intervention.
- Promote stable families, safe neighborhoods, public safety, health and wellness by engaging individual and community strength.
- Foster economic development, broad access to education and training, and growth of living-wage jobs.
- Pursue policy that is not impinged by excessive, unnecessary regulation.

Racial and Health Equity

Ramsey County supports deconstructing systemic and organizational barriers to create fairer, more inclusive government.

PROTECT BASIC HUMAN RIGHTS OF IMMIGRANTS

- Oppose increased efforts to discourage immigrants from accessing public assistance, such as housing, medical assistance, basic cash support and law enforcement protection. Inhibiting immigrants through fear or threat of consequence when they need services deprives them of access and denies them the opportunities to build stable lives for themselves, their families and to contribute to the communities in which they live. Further, permanent pathways for Deferred Action for Childhood Arrivals (DACA), Temporary Protected Status (TPS), Deferred Enforced Departures (DED), post-conviction relief for Southeast Asians in repatriation agreements and access to legal representation continue to be unresolved pressing issues for immigrants and the communities in which they live. Keeping families and children together and united as they undergo immigration proceedings.

AFFORDABLE CARE ACT (ACA)

- Protect essential provisions of the ACA, including coverage for pre-existing conditions, dependent coverage until age 26, no limits on annual/lifetime coverage, no-cost coverage for preventative care and the mandate for individual coverage. Support the local-state-federal partnership structure for financing health care access and oppose measures that shift federal and state costs to counties. This law has proven effective in significantly expanding access to insurance to more low and moderate-income families and individuals. Ramsey County supports premium assistance to help keep the cost of insurance within reach.

ERA RATIFICATION

- Ratify the Equal Rights Amendment to provide equal protection under federal law to all people, regardless of gender. The ERA amendment would bolster pay equity, domestic violence laws and pregnancy discrimination protections, among other equity goals.

MEDICAID SERVICES FINANCING

- Enhance flexibility in the Medicaid program to support local care systems. Preserve the ability to match local funds and receive targeted supplemental payments and bolster the federal-state-local partnership structures for Medicaid services.

Resiliency

Ramsey County supports policies that are responsive to changing environmental, economic and social conditions.

COVID-19 RELIEF FUNDING

- Provide local and state governments flexible funding that can be used for the public health response, community needs and revenue replacement with clear guidance on usage. Support a robust and flexible economic stimulus bill that includes direct funding for municipalities of all sizes to aid in local and state economic recovery.

LAND AND WATER CONSERVATION FUND ACT (LAWCON)

- Provide continued funding through the Land and Water Conservation Fund. In 1964, LAWCON was established to provide grants for outdoor recreation projects and to develop and redevelop parks. To date, Ramsey County has received nearly \$1 million from LAWCON for park projects.

CLEAN WATER

- Support investment and funding for infrastructure improvements relating to any contamination of water systems, as well as improved corrosion control, lead monitoring and public notification of contaminants in public drinking water. Support improvement of storm water, wastewater and drinking water infrastructure.

RECYCLING AND ENERGY

- Increase investments in sustainable and renewable energy. Environmental concerns, particularly climate change, bring waste generation, recycling and energy production into sharp focus. With international recycling markets stalling, federal efforts are necessary to incentivize industry to invest in innovative recycling practices and to spur communities and individuals to reduce waste and engage more intently in local and national recycling practices.

MENTAL HEALTH

- Support consistent funding for mental health services provided through the Substance Abuse and Mental Health Services Administration, as well as legislation that will increase Ramsey County's ability to provide local systems of care. Funding for the Community Mental Health Services (CMHS) block grant should be funded at current levels or increased to rise with demand for services.

A Holistic Approach to Strengthening Families

Ramsey County supports listening to families' needs, understanding needs and providing non-traditional services and opportunities that promote wellbeing for infants, children, youth and their families.

SOCIAL SERVICES BLOCK GRANT FUNDING (SSBG)

- Maintain or increase SSBG block grants at the current funding level. SSBG supports services such as adult protective services, special needs child care, child welfare and child abuse prevention.

SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP)

- Preserve the SNAP program to address hunger and food security issues for no and low-income residents. Given the recent efforts by the White House to eliminate or reduce eligibility through rule, it is increasingly important to voice strong support for services that address basic human needs, such as food security. SNAP provides food assistance to nearly 63,000 low-income families in Ramsey County. The SNAP Education and Training program, which provides support services (such as child care and transportation) to SNAP-enrolled students, is a central component to helping families achieve and maintain economic stability.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF)

- Increase investment in TANF. TANF funds are a major component of the Minnesota Family Investment Program (MFIP), which provides financial assistance to nearly 18,000 low-income Ramsey County families. TANF also helps pay for child care assistance for MFIP families and supports county employment services.

FAMILIES FIRST (TITLE IV-E)

- Implement full funding and rollout of the Families First promises to address long-standing issues with state and county child protection and foster care systems, including racial disparities of out-of-home displacements. Enriching financial support for prevention, wrap-around services that are culturally attuned is essential to improvements in the nation's child protection and family support programs.

PARENTING TIME ORDERS

- Support legislation allowing the use of Title IV-D funds to get parenting time orders set for Recognition of Parentage (ROP) families similar to what is currently allowed for court-ordered paternity adjudication families. Currently county staff cannot talk about parenting time with ROP parents, except to give them resources to do this on their own, if they do the responsible thing and sign a Recognition of Parentage (ROP).

Economic Competitiveness and Inclusion

Ramsey County supports strategies that advance economic competitiveness and inclusiveness by creating greater prosperity and opportunity for all.

RIVERSEEDGE

- Riversedge is an innovative public-private project revitalizing the historic riverfront and expanding public access to the Mississippi River. Ramsey County seeks \$40 million from state and federal partners for design and construction of a land bridge extension of public realm space over Shepard Road and the adjacent railway extending downtown Saint Paul directly to the river and doubling the usable area of the site.

PASSENGER RAIL

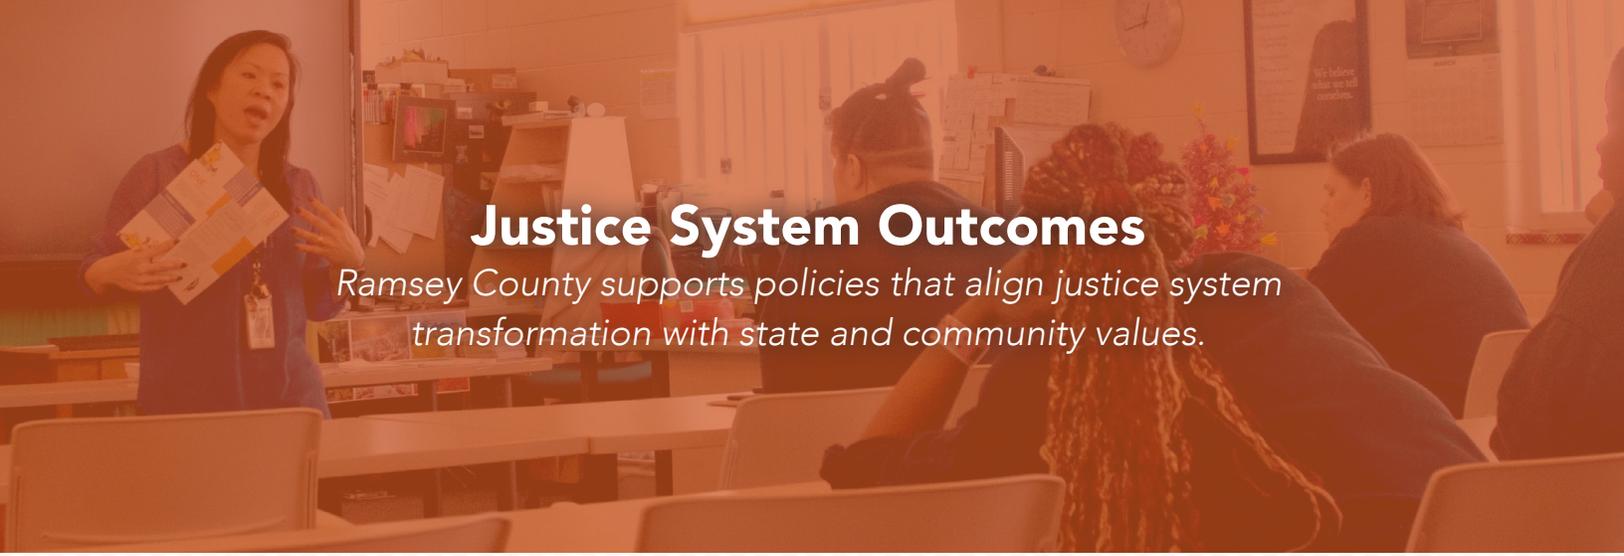

- Support for passenger rail needs to be enhanced through increased funding to the Consolidated Rail Infrastructure and Safety Improvements grant program, and by authorizing the State of Good Repair grant program. Additionally, funding needs to be provided for rail improvements from Union Depot in Saint Paul, MN to Chicago, IL, which will enable a second daily passenger train for this corridor and for the completion of an environmental assessment of existing rails.

TRANSPORTATION REAUTHORIZATION

- Provide reliable funding for planned transportation projects. Sustained transportation reauthorization will benefit the following Ramsey County Regional Railroad Authority Projects serving Union Depot in downtown Saint Paul:
 - Riverview Corridor: Between Union Depot and the Mall of America.
 - METRO Gold Line Corridor (Gateway): Between Union Depot and Woodbury.
 - Rush Line Corridor: Between Union Depot and White Bear Lake.
 - Red Rock Corridor: Between Union Depot and Hastings.
 - Second Daily Train: Between Union Depot and Chicago.
 - Bruce Vento Trail: From Buerkle Road to Highway 96.

FIXING AMERICA'S SURFACE TRANSPORTATION (FAST) ACT

- Implement provisions in the FAST Act, reauthorizing highway and transit programs, as well as Amtrak, through 2021, including:
 - Expanded funding options for programs under the Capital Investment Grant program (Core Capacity/Small Starts/Fixed Guideway Capital Projects).
 - Conversion of the Surface Transportation block grant program.
 - Modifications to the Transportation Infrastructure Finance and Innovation Act (TIFIA) program, making transit-oriented projects eligible to apply for TIFIA loans.
 - Fully fund capital improvement grants.

Justice System Outcomes

Ramsey County supports policies that align justice system transformation with state and community values.

FIREARM REGULATION

- Reinstatement of the Firearms Assault Weapons Ban to take a strong first step in addressing the epidemic number of mass shootings and other gun-related violence. When the 1994 ban sunset in 2004, a surge of automatic weapons shootings occurred, which has not subsided. The ban was effective and should be reinstated.

ICE DETENTION DURING COVID-19 PANDEMIC

- Support the immediate release of immigrants in ICE detention who do not pose a threat to public safety during the length of their removal proceedings, starting with individuals in high-risk categories such as people 60 and over, women who are pregnant, and people with chronic illnesses, compromised immune systems or disabilities.
- Ensure ICE detention facilities currently holding detainees are adhering to CDC COVID-19 safety guidelines, are providing effective and timely testing, and offering health supports including medical treatment.

Housing Stability

Ramsey County supports programs that provide access to safe, healthy, stable and accessible housing options for all residents.

AFFORDABLE AND STABLE HOUSING

- Increasing public funds and attention to the preparation of homeowners and the production and preservation of affordable ownership housing.
- Advancing policy and practice reforms that reduce barriers to affordable homeownership, such as reducing the cost of production.

HOME INVESTMENT PARTNERSHIP PROGRAM

- Protect the HOME Program, which provides important funding for affordable housing units in market-rate multifamily new construction, foreclosed/forfeit property acquisition, rehabilitation and resale, and down payment assistance to first-time homebuyers throughout suburban Ramsey County cities. Ramsey County is part of a four-county consortium and currently receives approximately \$400,000 per year from HOME, a reduction of more than \$350,000 per year over the past 10 years.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

- Restore funding to the US Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG). CDBG supports community development programs for low- and moderate-income families in suburban Ramsey County. Ramsey County currently receives approximately \$1 million, down 50% from historic levels. The county supports the restoration of funding for the U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant.

TAX INCENTIVES FOR THE DEVELOPMENT OF AFFORDABLE HOUSING

- Support passage of the Affordable Housing Improvement Act to increase the development of affordable housing nationwide by approximately 450,000 housing units. The bill provides incentives to developers by increasing the housing credit allocation by 50%, phased in over five years. It would also lock in the 4% LIHTC credit rate for financing with housing bonds and tax credits.
